## **Capital Budget**

---

**HB 1327** Common School Capital Projects  
Reauthorizes \$40,170,000 in bond sales for common  
school plant facilities

**HB 1328** Bonds for Capital Projects  
Authorizes \$285,851,000 in new bond sales for:

**BILL ANALYSIS**

---

**HOUSE BILL 1328**

**BACKGROUND:**

Bond issues to fund capital projects for various state agencies including the institutions of higher education and common schools are required to carry out the purposes of the capital budget.

**SUMMARY:**

The State Finance Committee is authorized to issue, subject to legislative appropriation, \$285,851,000 of general obligation bonds to finance capital projects as follows:

- o \$38,054,000 of general obligation bonds to finance capital projects for the Department of General Administration, Commerce and Economic Development, Military Department, Parks and Recreation Commission and the Department of Corrections;
- o \$4,635,000 of general obligation bonds to finance the Washington State Agriculture Trade Center;

- o \$38,762,000 of general obligation bonds to finance capital projects for the Departments of Social and Health Services and Corrections;
- o \$3,230,000 of general obligation bonds to finance capital projects for the Departments of Ecology, Parks and Recreation, Fisheries, Game, and Natural Resources;
- o \$3,359,000 of general obligation bonds to finance capital projects for the Department of Fisheries;
- o \$59,630,000 of general obligation bonds to finance capital renewal projects for state agencies and the institutions of higher education including community colleges;
- o \$23,643,000 of general obligation bonds to finance capital projects for the University of Washington and state community colleges;
- o \$33,928,000 of general obligation bonds to finance capital projects for the institutions of higher education;
- o \$80,610,000 of general obligation bonds to finance capital projects for the institutions of higher education including the community college system.

A \$34,500,000 bond authorization for salmon hatcheries approved by the Legislature in 1977 required that the bonds be sold prior to January 1, 1985. This requirement is removed.

Previous bond authorizations approved by the Legislature in 1969 and 1980 for common school plant facilities, in 1973 and 1977 for institutions of higher education, and in 1979 for the Legislature and other agencies are reduced to reflect actual bond sales.

HB 1328 authorizes \$285,851,000 in new state general obligation bonds. Included within this total are \$33,928,000 of reimbursable bonds, the remaining \$251,923,000 are authorizations subject to the states' statutory debt limit. Assuming these bonds are sold during the 1985-87 biennium at an average interest rate of 10.1%, the remaining capacity for additional new bond sales for the biennium would be approximately \$62,000,000.

150	012	<b>Campus Sidewalk/Street Repairs 05C - 1 St Facilities Renew - State</b>						
		CR-86-1-012    LEGISLATURE		\$920	\$0	\$0	\$0	\$45

Repair hazardous conditions on the Capitol Campus that threaten the life/safety of the users.

150	013	<b>Legislative Building Renovation 05C - 1 St Facilities Renew - State</b>						
		CR-86-2-013    LEGISLATURE		\$2,551	\$0	\$0	\$0	\$970

Repairs are required to maintain the Legislative Building as the center of state business by members of the legislature, other elected officials, executive branch, their staffs, and the general public. This project provides: (1) plumbing repairs, (2) exterior stone cleaning and waterproofing, (3) interior painting, and (4) a catwalk.

150	015	<b>Campus Roof Repairs 036 - 1 Capitol Bldg Constr - State</b>						
		CR-86-2-015    LEGISLATURE		\$378	\$0	\$0	\$0	\$248

The existing Campus roofs require continual maintenance in order to (1) maintain the reflective coating and (2) maintain the roof membrane against moisture infiltration. If these roofs are not continually maintained and repaired, then deterioration of the roof membrane results in a high roof replacement cost.

**DEPT OF GENERAL ADMINISTRATION  
1985-87 CAPITAL REQUESTS (\$000)**

AGEN	PRIOR	PROJECT I.D.	PRE PLAN	EST COST	TOTAL COST	EXP PRIOR BIENNIUM	EXP CURRENT BIENNIUM	1985-87 RE-APPROP	1985-87 BIENNIUM
150	016	<b>Campus Building Exterior Repairs 036</b> - 1 Capitol Bldg Constr - State CR-86-2-016 LEGISLATURE		\$940		\$0	\$0	\$0	\$190
Provide external repairs to: (1) Executive Mansion wood structure, and (2) Plaza Garage Phase II to correct leaks and repair concrete spawling. The projects prevent continual deterioration, structural damage and leaks.									
150	017	<b>Campus Bldg. - Interior Revisions 05C</b> - 1 St Facilities Renew - State CI-86-1-017 LEGISLATURE		\$284		\$0	\$0	\$0	\$284
The repairs correct: (1) the Old Capitol Building's skylight leaks, (2) The State Library Building's moisture infiltration into the basement, and (3) The Archives Building's efficiency by increasing storage capacity.									
150	018	<b>Energy Retrofit Projects 036</b> - 1 Capitol Bldg Constr - State CI-83-R-015 LEGISLATURE		\$1,781		\$0	\$0	\$510	\$630

245	001	<b>Unit Training Equipment Site 001 - 2 General Fund - Federal</b> CI-84-1-001      LEGISLATURE		\$1,762	\$0	\$9	\$1,429	\$324
<p>This facility supports the functions of the National Guard's motor vehicles. This new building's location eliminates a substandard facility and reduces military vehicle traffic over I-5. This project provides for the plan and construction of a 21,600 GSF nine bay motor vehicle maintenance facility.</p>								
245	002	<b>Organizational Maintenance Shop 001 - 2 General Fund - Federal</b> CI-84-1-002      LEGISLATURE		\$276	\$0	\$1	\$192	\$83
<p>This project replaces a 50 year old structure that violates life/safety codes and is costly to operate and maintain. The project provides for the planning and construction of a two bay vehicle maintenance facility for the National Guard.</p>								
245	002	<b>Tacoma Armory Structural Renovation 057 - 1 St Bldg Constr - State</b> CI-86-1-001      LEGISLATURE		\$2,305	\$185	\$27	\$93	\$2,000
<p>To provide for the structural renovation of the armory building in Tacoma.</p>								
245	003	<b>Watercraft Support Maintenance Center 001 - 2 General Fund - Federal</b> CI-86-1-003      LEGISLATURE		\$5,591	\$0	\$90	\$0	\$3,024
<p>This project replaces an existing leased facility at Pier 23, which is inadequate and is needed by the Port of Tacoma. This project includes the planning and construction of 1400 to 1600 LF of pier space, a building for dining/storage and a marine railway to remove vessels from the water.</p>

<p>The 8 million+ square feet of community college facilities and the 40 sites on which they are located generate a sizable number of unforeseen repair and minor improvement needs. RMI funds are used to meet these needs.</p>										
352	002	<b>SBCCE Emergency Repair Fund</b> CR-86-1-002      LEGISLATURE	05D - 1	H E Reimb S/T Bonds	- State	\$500	\$0	\$0	\$0	\$500

The 27 colleges operate over 8 million square feet of facilities. These physical plants routinely experience damage or deterioration which cannot be anticipated and which must be repaired. The emergency repair fund provides for such repairs.

STATE BOARD FOR COMMUNITY COLLEGES  
1985-87 CAPITAL REQUESTS (\$000)

AGEN	PRIOR	PROJECT I.D.	PRE PLAN	EST TOTAL COST	EXP PRIOR BIENNIUM	EXP CURRENT BIENNIUM	1985-87 RE-APPROP	1985-87 BIENNIUM
352	003	<b>Critical Repair Projects (25)</b> CR-86-1-003 LEGISLATURE	05D - 1 H E Reimb S/T Bonds - State	\$6,556	\$0	\$0	\$0	\$6,556
<p>These 25 repair projects are urgently needed to preserve existing facilities and to assure continuation of instruction and support programs. These projects are rated as highest priority by the 23 Boards of Trustees and the State Community College Board and include nondeferrable repairs to building roofs and critical support systems.</p>								
352	004	<b>General Repair Projects (38)</b> CR-86-1-004 LEGISLATURE	05C - 1 St Facilities Renew - State	\$9,324	\$0	\$0	\$0	\$9,324
<p>These 38 repair projects are needed to preserve existing facilities and to assure continued provision of educational programs and services. The projects are rated as very high priority by the 23 Boards of Trustees and the State Board.</p>								
352	005	<b>Energy Conservation Projects (16)</b> CR-86-1-005 LEGISLATURE	05C - 1 St Facilities Renew - State	\$2,497	\$0	\$0	\$0	\$2,497
<p>The requested projects will implement those energy conservation measures identified in the state energy audit program as having a "pay-back" period of five years or less.</p>								
352	006	<b>Minor Renovations</b> CR-86-2-006 LEGISLATURE	05C - 1 St Facilities Renew - State	\$8,094	\$0	\$0	\$0	\$8,094
<p>Minor renovation projects are similar to "repair" projects, except that the preservation and restoration of useful life is usually for a number of building components (e.g., HVAC system, wall and floor coverings, windows, doors). These 42 renovation projects will prevent or defer the need for future, more costly repairs.</p>
